Mainstreet Research Survey - Toronto

About Mainstreet

Founded in 2010, Mainstreet Research is recognized as one of Canada's top public opinion and market research firms. Since our founding, we have been providing actionable and data-driven insights to our clients to help them make their most important evidence-based strategic decisions.

Mainstreet has an impressive track record in accurately forecasting election results in Canada and the United States and has become a trusted source for comprehensive market research, analysis and advice. Our insights are found in major media outlets across the country.

Our diverse team has decades of experience in conducting both quantitative and qualitative research, ranging from broad national surveys, to focus groups, to membership surveys, and all points in between.

Mainstreet Research is a proud corporate member of CRIC and exceeds all Canadian and international standards for market research and public opinion research.
Methodology

The analysis in this report is based on results of a survey conducted from Friday, March 17th to Sunday, March 19th, 2023, among a sample of 985 adults, 18 years of age or older, living in Toronto. The survey was conducted using automated telephone interviews (Smart IVR). Respondents were interviewed on landlines and cellular phones. The survey is intended to represent the voting population in Toronto. The poll was conducted in English.

The margin of error for the poll is +/- 3.1% at the 95% confidence level. Margins of error are higher in each subsample. Totals may not add up 100% due to rounding.

This poll was commissioned by and is the exclusive property of Mainstreet Research. Any reproduction, in whole or in part of this report or the data contained herein is expressly prohibited without written authorization by Mainstreet Research.

If the mayoral election were held today, which candidate would you vote for? (All voters)

Around 25 years ago the government of Ontario down-loaded the Gardiner & DVP highways to the City of Toronto and Torontonians now pay for the maintenance and opera-tion of these 2 highways. One of the candidates for mayor recently said that the Don Valley Parkway and the Gardiner Expressway should be uploaded back to the Province be-cause many non Toronto residents use these roads and would save the City an estimated $200 million per year. Would you approve or disapprove of this plan? (All voters)
